

COLGATE'S SHAVING LATHER

STICK—POWDER—CREAM

Whichever method you prefer—Stick, Powder, or Cream—you find in Colgate's the fullest measure of both comfort and economy. They all give the same creamy, "satisfying" lather that softens the beard while being worked up with the brush. There is no waste. Shaken on the wet brush, the last particle of Powder is as good as the first. The cream can be squeezed out to the very end of the tube. Those who favor the Stick also find economy as shown below.

At all good Chemists and Stores. If you prefer, send us 2d. in stamps for a trial size of stick, powder or cream.

Wet the last inch, apply it to the new stick. It stays, and you use every bit.

CIRCULAR FOR NEW TEACHERS FILLED WITH VALUABLE FACTS

Book Published By Department of Public Instruction Will Aid New Comers

For the information of the 30 or more new public school teachers who have arrived in Honolulu during the last month from different points on the mainland, the Star-Bulletin here-with publishes a "Circular of Information" recently issued by the department of public instruction:

The Department.
The department of public instruction consists of a superintendent and six commissioners, appointed by the governor. It has charge of all the public schools in the territory. The College of Hawaii and all kindergartens, as well as the numerous private schools, are not under the jurisdiction of the department. It appoints all the teachers in the public schools, usually for the term of one year. The public school system comprises (April, 1915) 170 schools, with an enrollment of 28,766 pupils, and employing 737 teachers.

School Year.
The school year consists of 10 months of teaching and two months of vacation. The teaching period is divided into three terms aggregating 38 weeks of school. The fall term opens about the middle of September, and the summer term closes the latter part of June. The usual Christmas and Easter vacations are observed.

Salaries.
Schools are classified and salaries fixed each year before the beginning of the regular school year. Schools are rated as elementary, high, normal and special.

Salaries of assistant teachers in elementary schools are regulated according to the following schedule, based on certificate held and length of satisfactory service.

Salary Schedule for Assistant Teachers.

	Per Yr.	Per Mo.
Permit to teach	\$ 480.00	\$40.00
Continued permit		
to teach	540.00	45.00
Certificate, first year	600.00	50.00
Second year	660.00	55.00
Third year	720.00	60.00
Fourth year	780.00	65.00
Fifth year	840.00	70.00
Sixth year	900.00	75.00
Seventh year	960.00	80.00
Eighth year	1000.00	83.33
Ninth year	1060.00	88.33
Tenth year	1120.00	93.33

No increases in teachers' salaries are made, except at the beginning of each school year. Half-time taught elsewhere than in the territory, provided the teaching be properly certified as being satisfactory by competent authority, may be allowed in determining the initial salary, at the discretion of the department.

Teachers holding state or territorial normal diplomas may begin on the above schedule at \$60 per month and receive their maximum salary after seven years of actual service.

The salary schedule for normal training and high school teachers is as follows:

First year	\$1,000
Second year	1,100
Third year	1,200
Fourth to tenth year, inclusive	1,500
After tenth year (maximum)	1,800

The salary schedule for normal practice and teachers in high schools who do not devote the greater part of their time to high school work is as follows:

First year	\$ 900.00
Second year	960.00
Third year	1,020.00
Fourth year	1,080.00
Fifth and thereafter (maximum)	1,200.00

Except as otherwise provided, the salaries of all teachers in government service are paid in 12 monthly installments, although the work of the schoolroom is accomplished in 10 months.

Vacation-Salaries.
The school year is considered as consisting of 10 months of teaching and two months of vacation, viz., July and August, all salaries for each school year terminating August 31.

All teachers who are in the service of the department at the close of spring term shall be entitled to as many tenths of their respective salaries for July and August as they have taught months.

No teacher's name shall appear on the payroll at the opening of the school year unless said teacher's salary actually begin service at that time.

Examinations.
Examinations for teachers' certificates are held annually, after the close of the spring term of the schools, by the territorial board of examiners at the time and place designated by the department of public instruction.

Certificates.
University and college degrees, normal diplomas, state grammar grade certificates and state life diplomas may be accepted as the equivalent of Hawaiian grammar grade certificates.

Applications.
High school teachers are required to hold high school certificates or university degrees.

No special form of application is required. A letter giving the usual information as to the age, health, experience, credentials, etc., is sufficient. All applications for employment should be addressed to the department of public instruction, Honolulu, Hawaii.

Information relative to cost of living, transportation, etc., may be had on request from the Hawaii Promotion Committee, Honolulu, Hawaii.

For some time past it has been the policy of the department to require teachers entering its employment to teach for at least one year in the schools outside of Honolulu. Cottages are furnished free at many country schools.

The department does not pay transportation charges.

Supervising principals, high school principals and principals of the large schools are generally chosen from among local applicants.

Appointments.
Appointments for the ensuing school year are made at a meeting, which takes place during the latter part of May. However, vacancies occur constantly in the service, and a number of appointments are made, particularly in the months between May and October.

ANARCHIST IN ITALIAN ARMY IS AWARDED MEDAL

ROME.—The anarchist leader Sbarra, who was one of the leaders of the strike riots in Ancona in June, 1914 and who is now serving at the front has been named for the silver medal for bravery on the field.

The Kakaako boys will meet in the clubhouse in Kakaako, Oahu, this evening. Mr. S. W. Robley of the Y. M. C. A. will meet with them.

NO PASSPORTS GIVEN KOREANS TO MAINLAND?

Japanese Papers Say Consul Withholds Them, But Fujii Denies the Rumor

Local Koreans will either have to remain in the territory or go back to Korea, for a time at least. The local Japanese consulate has declared it will not issue any more passports to Koreans desiring to journey to the mainland, according to the Japanese press of Honolulu.

The Japanese press reports that the Japanese consul has clearly explained why his office has established this new rule. It is claimed that since the territorial grand jury began an investigation a few months ago of the cases of two officers of the Korean National Association, who, it was alleged, had embezzled funds of the organization, the consulate has maintained a careful watch over the actions of certain officers and members of the association.

It is alleged by the Japanese press that many of the Koreans in question are living very comfortably in spite of the fact that they have no employment. Others who have no income, it is declared, are spending considerable money to bring their wives to Honolulu from the former Hermit Kingdom.

Believing that all of the Koreans in question, or some of them, might be wanted by the territorial authorities as witnesses, says the Japanese press, the consul has decided to issue no more passports to Koreans for the present, and especially to officers and members of the Korean National Association.

According to the city and county attorney's office the grand jury recently found a no-bill in the case of one Korean who was alleged to have embezzled the funds of the association. The tribunal now has under investigation the case of a Korean said to have been treasurer of the organization.

Vice-consul K. Fujii on Saturday denied that any special measures were being taken against the Koreans of Hawaii. He said that both Japanese and Koreans underwent a closer scrutiny now before they were granted their passports, than was formerly the case.

A New Industry For Hawaii in whose success everyone can have a share

The Hawaiian Kukui Oil Co. offers to shrewd investors 5000 shares of its capital stock at par (\$5.00 a share)

THE HAWAIIAN KUKUI OIL COMPANY has been formed to turn to profitable commercial use a natural resource whose virtues have long been known locally, but which have never been exploited on any large scale.

Kukui Oil is a substitute for linseed oil, and may be used for any purpose for which linseed oil is now used, such as in oil-colors, varnishes, paints, etc. It can also be used in soap making.

It is used medicinally as a plaster, and as an article of diet—as olive oil is used. As by-products, we get fertilizer, dye and fuel-briquettes. Cooked, the meal is used for feed for stock and hens.

There are plenty of Kukui Nuts; the oil is easily and cheaply extracted; the market for the finished products is not only local, but international; the profit will be large. You are invited to become an owner of some shares in this new Company, so that you may share in those profits. Only \$25,000 is needed to build the mill and to start operations on a good working basis.

The men behind the Hawaiian Kukui Oil Company are local men who have devoted many, many months to the investigation of this proposition in all its phases. They feel that the Company will make a distinct success; they have invested their savings; they will work to make the business profitable; they will handle YOUR investment as carefully as their own.

A Booklet, or Prospectus, has been prepared which shows in full detail just what you want to know about this proposition. Send for this Prospectus NOW. Use the coupon.
